### EXCEPTIONAL LIGHT QUALITY

The LED module covers a wide light spectrum. From the intimate to the intense, this lamp responds to all moments of sharing.

### CHARGING MODE EASY

The stable shape on all these sides of the platform allow simple, safe and space-saving loading. Each box include one USB cable that you can plug underneath the lamp for easy charging.

### POWERED TO LAST

Powered by a Li-ion 3.7V, 1900mAh battery the lamp can be at full charge in 7hrs and will give from 5.30 hrs up to 12hrs of operating time depending on the intensity used.
